

Re: Entry to the Injury and Accident Mutual Aid Benefit System of JAPAN SPORT COUNCIL

XXX Board of Education

Congratulations on your child's entrance to school.

We, at XXX Board of Education, have signed a contract of injury and accident mutual aid benefits with JAPAN SPORT COUNCIL (hereinafter referred to as "JSC") to provide against unexpected accidents on students and young children enrolled in XXX (public) School.

If a student under school supervision suffers from an accident, his/her parents or guardians will be provided with a payment to cover medical costs and a consolation payment under the Injury and Accident Mutual Aid Benefit System of JSC. We are required to submit the names of children before their joining with the prior consent of their parents or guardians. Joining is optional. If you agree to joining, please fill out the consent form at the bottom and submit it to the school principal.

We will handle personal information with due care especially because the claim procedure for injury and accident mutual aid benefits requires data entry into an online claim system. We will appreciate your understanding.

Details of benefits are specified in the Act on the National Agency for the Advancement of Sports and Health or Cabinet Orders, ministerial ordinances, notifications, etc., pursuant to the said Act. As of January 1, 2018, major benefits include the following:

*Please note that the contract of the injury and accident mutual aid benefits will be automatically renewed while your child is enrolled in the school by submitting the consent form once.

■ Scope of accidents and benefit amount

Table with 3 columns: Type of accident, Range of accident, and Benefit amount. Rows include Injury, Illness, Disability, and Death (with sub-categories for Sudden death).

Children are under school supervision in any of the following occasions:

- 1. When in a class organized by the school based on the educational curriculum (This also includes those being cared for at nursery schools, etc.)
2. When receiving extracurricular instruction based on the school's educational program
3. During breaks, or other times in school owing to the principal's instructions or approval
4. When going to/from school using regular routes and methods
5. When in the dormitory, etc.

■ Important points concerning benefits

- 1 The provision of medical treatment expenses for injuries or illness from the same accident shall be for a maximum of 10 years from the initial examination.
2 The right to receive injury and accident mutual aid benefits must be exercised within two years from the date the reason for the benefits occurred. If not, the right to claim benefits will expire.
3 When compensation for damages is received for the same reason as that for which injury and accident mutual aid benefits are provided, there are instances when benefits will not be provided due to limits on the amount.
4 When receiving benefits as a result of the provisions of other laws or regulations (for example, the medical allowance for infants based on regulations), there are instances when benefits will not be provided due to limits on the amount.
5 No benefits for medical expenditures will be provided for accidents to students and young children in households on welfare under the Public Assistance Act who are at compulsory education schools or nursery schools.
6 When high school students, students of vocational schools at the secondary level or students of upper secondary specialized training schools are injured, fall ill, or die due to committing intentional criminal acts, or intentionally, no mutual aid benefits for injury or accidents will be provided for the medical treatment, disability, or death in question. However, this shall not apply if the students intentionally injure themselves, fall ill, or die due to a heavy mental burden from being bullied, corporal punishment, or any other reason not attributable to themselves.
7 When high school students, students of vocational schools at the secondary level or students of upper secondary specialized training schools are injured, fall ill, or die due to their own serious negligence, there will be instances in which part of the mutual aid benefits for injury or accidents will not be provided for the disability or death in question.

*This provides an overview of the Injury and Accident Mutual Aid Benefit System of JSC.

■ Premium (per year)

Contribution of parents or guardians yen (Contribution of XXX Board of Education yen) *Contributions are shown on an annual basis.
